SERVICE

The Time-Saving Collection Development Tool that Works for You

- **Access the most comprehensive review service in the field.**
With 32,000+ reviews, 130,000 print and electronic books, plus the added benefit of the latest edition of Doody's Core Titles built right in, Doody's Review Service is THE most complete, all-in-one collection development tool for the health sciences.
- **Enhance quality filtering for your collection.**
Expert, unbiased reviews from more than 7,500 academically-affiliated healthcare professionals. That means you provide users with the most useful, timely resources possible.
- **One stop shop.**
For full discoverability of eBooks with direct links to eBook aggregators and publishers.
- **Save time with medical publishing news and reviews delivered right to you.**
With your subscription to Doody's Review Service, citations of newly published books and new reviews in specialty areas you choose are delivered to your email every Friday.
- **Put the power of hundreds of experts to work for you.**
More than 2,000 titles are reviewed and added each year. To research those titles yourself would take more than 200 hours per year. That's 5 full-time work weeks!
- **Improve cost-efficiency AND save money in your budget.**
If the expert reviews mean you choose not to purchase just 4 average-priced books each year, the money you save will have paid for your subscription.

"Your service is so valuable to us in evaluating new books. I refer to it almost every day."
